

## Uninsured Services

There are a number health services that are not covered by OHIP. Common examples of these services are forms, doctor’s notes, travel vaccinations, and referral for physiotherapy, massage etc

The fees are based on the Ontario Medical Association’s *Physician’s Guide to Uninsured Services Jan 2023*.

Fees can be waived or reduced for patients who are unable to pay.

Receipts will be given for insurance and tax purposes.

Please see below for a list of the most common uninsured services.
